CARRYING THE TORCH

As the new caretakers of Studio 99, we have made it our objective to keep the original vision alive, to continue to showcase fantastic artwork whilst appreciating the art of whisky, in the company of good people.

ART

As you can tell, art is the common thread at Studio 99.

We exhibit artworks from emerging to established artists, locally, interstate and abroad.

Throughout the year, you will witness the walls changing several times, allowing you to discover a new sense of the space and introduce you to new artists.

WHISKY

Whilst you peruse and sit amongst the artwork, we encourage you to take a journey through our wide range of whisky from all over the globe. We find that there is as much care and craftsmanship that goes into a whisky as does an oil painting. Please allow our staff to guide you through our extensive collection.

SOCIAL

We've designed the space to encourage intimacy and conversation, surrounded by art and good vibes. We like to think no one is a stranger at Studio 99.

When you're here, you're instantly a local. So much so, we've created "The 99 Club", ask our staff for more details...
